

**INDUSTRIAL STRENGTH FORMULA**  
**ALUMA BRITE**

**An acid based cleaner for metals including aluminum, magnesium and steel surfaces.**

**Features & Benefits**

**Highly Concentrated**

Utilize the dilution ratio to achieve maximum product performance and value.

**Brightens and Cleans**

Aluma Brite removes oxidation, rust, diesel soot, brake dust and many other soils while brightening the surface.

**Foaming Ability**

It can be effectively applied using acid resistant foaming systems.

**Areas of Application**

- Trailer Bodies
- Fuel Tanks
- Tanker Trucks
- Wheels
- Rust Removal

**Methods of Application**

- Acid Resistant Foam Guns
- Pressure Washing
- Pump up and Trigger Sprayers
- Wash Bucket

**Directions For Use**

1. Dilute from 7:1 to 20:1 with cold water, depending on the degree of oxidation and soiled surface
2. Test product on an inconspicuous area before using.
3. Pre-wet surface with water.
4. Apply from bottom up in sections of not more than 3 meters (10 feet).
5. Allow solution to stand 2-5 minutes, and rinse with water.
6. Repeat operation if necessary.
7. Make sure entire area is kept wet with solution during application.
8. This product has limited degreasing ability, therefore badly soiled areas should be degreased or washed first before using.
