

SPRAY AND RINSE FAST WAX

A spray-and-rinse wax that leaves behind an incredible shine.

Features & Benefits

Applies in Seconds

Fast Wax can be applied to a vehicle in seconds with a pump up or trigger sprayer and rinsed off immediately providing a beading shine to the paint. Fast Wax can be applied to a wet surface significantly cutting down dry time.

Highly Concentrated

Fast Wax is highly concentrated and works best when it is diluted providing amazing value.

Does Not Leave a White Haze on Plastic and Rubber

Fast wax can be applied to the entire vehicle and will not leave white hazing on plastics and rubbers that can be difficult to remove.

Areas of Application

- Painted Surfaces
- Vehicle Exteriors

Methods of Application

- Pump up and Trigger Sprayers
- Fast Wax Spray System Gun
- Applicator Pad

Directions For Use

This product is highly concentrated and must be diluted 25:1 – 30:1 for a shining, waxy finish.

Fast Wax works well on both wet and dry surfaces. For best results, spray product onto a clean vehicle surface. Once product is applied, remove by rinsing or wiping away.
